

WHEN: Thursday, June 17, 2010 ~ 5:00 pm
following the City of Reno's GREEN summit

WHERE: Joe Crowley Student Union Ballroom

AN ECO-HAPPENING TO BUILD SUSTAINABLE

As part of SiGBA / greenUP! 's **Live Green Build Green** philosophy we would like to invite you to an evening of community connection. Following the City of Reno's GREEN summit, we will host a social gathering of local green organizations to encourage collaboration and building community. In addition, we proudly support our local TMCC architecture students as they display their vision of sustainable urban design through strategic development of a sustainable demonstration space and a sustainable resource distribution center. Food and no-host bar will be provided.
